6pm - We're outta here! See you next time!				

Here is an overview of our CHANNEL selection. This is how you know what interests will be served by a specific event. Look for the key in brackets on each item in the schedule!

COMIC - Comics

From Spidey to Popeye, Dark Knight to Dark Horse, and all points in between.

SCIFI - Science Fiction

Come Buck your Rogers and BS your G right here. And then some.

FNYSY - Fantasy

+4 against Hobbits, and trolls. It's only weakness is 80's films with Tom Cruise and unicorns... and David Bowie.

TEKSCI - Technology and Science

Uber leet haxors? Quantum physics? Stupid viral media? It's all here under one roof! Mind the lab rats and the WOW players. They get cranky.

TOON - Animation

Steamboat Willie? Pixar? He-Man? Reboot? GI Joe? Transformers? Care Bears? Oh yeah... get your CGI and your retro on - right here.

GAME - Video and Board Gaming

And you thought Carcassonne was just a fun X-Box game. No matter how you roll... on a tabletop or FPS... this is the station where Wii play.

TREK - Star Trek

Hailing frequencies open, Captain. "That's what she said!"

WHEDN - Joss Whedon

Find Serenity here in our Dollhouse, Buffy. Just be sure you're an Angel when you Sing-Along.

FORCE - Star Wars

All the ladies love a big, purple, light-saber. And if you're pretty good with a small green one, that works, too.

BRIT - British Fandom

If it has bad teeth and still manages to kick ass, it's probably British Fandom! Hop in your TARDIS and get the Smeg over here!

BOOK - Literature

Yeah, you know... books. Those things with pages. "Analog" geekdom. Of course, you don't have to take *my* word for it.

PNORM - Paranormal

Because Scully was hot. And so are vampires and other things that go bump... well, you get the idea.

REDLT - Adult Programming

Still working the kinks out of your night-life? Don't! Revel in it, right here.

GEEK - Catch-All Misc.

It's... just... GEEKY, OKAY MOM!?!? Gawd!

WAIT! THERE'S MORE!

Many of our rooms are running ALL NIGHT LONG, including both analog and video gaming, the video suite, and certain open-ended events.

PLEASE REMEMBER TO BE CONSIDERATE OF NOISE LEVELS ATER 10PM, as we are not the only guest in the hotel.

A WORD ON CONTENT:

While our event is open to all ages, some events are intended for a more mature audience. On occasion, we may require ID at the entry to certain events. The later it gets, the more likely it is that the content is not intended for audiences under 18. We ask that you know the premise of the material we are involving, or ask. We will not be rating each event, and it is up to you to determine what might or might not be offensive, or safe for your child.

We would like to thank all the guests, vendors, volunteers, panelists and others who have made this inaugural year of Geek Media Expo possible!
