WAIT! THERE'S MORE!

Many of our rooms are running ALL NIGHT LONG, including both analog and video gaming and the many room parties. Also the ATRIUM BAR will feature custom drinks both nights for purchase and enjoyment (responsibly).

PLEASE REMEMBER TO BE CONSIDERATE OF NOISE LEVELS ATER 10PM, as we are not the only guest in the hotel.

A WORD ON CONTENT:

While our event is open to all ages, some events are intended for a more mature audience. On occasion, we may require ID at the entry to certain events. The later it gets, the more likely it is that the content is not intended for audiences under 18. We ask that you know the premise of the material we are involving, or ask. We will not be rating each event, and it is up to you to determine what may or may not be offensive, or safe for your child.

OUR CHANNELS: This is how you know what interests will be served by a specific event.

- ART - Art/Artists**
You may not know art, but you know what you like, and what you like is art.
- BOOK - Literature**
Yeah, you know... books. Those things with pages. "Analog" geekdom. Of course, you don't have to take "my" word for it.
- BRIT - British Fandom**
If it has bad teeth and still manages to kick ass, it's probably British Fandom! Hop in your TARDIS and get the Smeg over here!
- CHRON - Alternate Timelines**
Steam, diesel, cyber, etc. Here's the perfect place for all you 'punks.
- COMIC - Comic Books, Graphic Novels**
From Spidey to Popeye, Dark Knight to Dark Horse, and all points in between.
- DICE - Analog Gaming**
And you thought Carcassonne was some fancy dessert. No matter how you roll, we got enough games to keep you from getting "board".
- DIGIT - Digital Gaming**
Up, Up, Down, Down... On the couch or in your room.
- FNTSY - Fantasy**
We have +4 against Hobbits, and trolls. Our only weakness is 80's films with Tom Cruise and unicorns... and David Bowie.
- FORCE - Star Wars**
All the ladies love a big, purple, light-saber. And if you're pretty good with a small green one, that works, too.
- NOCT - Nocturnal Tales**
All the world is dark. And within it there is music, literature, film, TV, fashion and more. So stop being so EMO.
- REDLT - Adult Programming**
Still working the kinks out of your night-life? Don't! Revel in it, right here.
- SCIFI - Science Fiction**
Come Buck your Rogers and BS your G right here at your local Chevron.
- SCITEK - Science and Technology**
Uber leet haxors? Quantum physics? Stupid viral media? It's all here under one roof! Mind the lab rats and the WOW players. They get cranky.
- TOON - Animation**
Steamboat Willie? Pixar? He-Man? Reboot? GI Joe? Transformers? Care Bears? Oh yeah... get your CGI and your retro on - right here.
- TREK - Star Trek**
Hailing frequencies open, Captain. "That's what she said!"
- WHEDN - Joss Whedon**
Find Serenity here in our Dollhouse, Buffy. Just be sure you're an Angel when you Sing-Along.
- GEEK - Catch-All Misc. Geek Media**
It's... just... GEEKY, OKAY MOM!?!? Gawd!

We would like to thank all the guests, vendors, volunteers, panelists and others who have made Geek Media Expo possible!
